

Congratulations— Major Gardner!

Seven International Class G Records taken with M.G. Magnette

VERY recently recovered from an alarming accident, in London, in which he sustained injuries necessitating a sojourn in hospital, Major A. T. G. Gardner has signalled his return to fitness in no uncertain manner by recapturing from Italy the International Class G Flying Mile and Kilometre records at a speed considerably in excess of Furmanik's previous figures.

Major Gardner's successful attempt took place on the Frankfort Autobahn and his supercharged K.3 M.G. Magnette beat the Maserati's speed for the kilometre by 3.962 m.p.h. and for the mile by the handsome margin of 10.670 m.p.h.

Class G, of course, is for cars over 750 c.c. and up to 1,100 c.c. capacity.

After returning to Robin Jackson's at Brooklands for preparation, the car was taken to Monthèry, where on Wednesday, June 23rd, Major Gardner attacked and broke five further International Class G records previously held by Captain G. E. T. Eyston, also with a K.3 M.G. Magnette, these records being the 5 kilometres, 5 miles, 10 kilometres and 10 miles (flying starts) and the 50 kilometres (standing start).
